

California Energy Commission

Relationship of Alternative Fuels
Plan (AB 1007) to Low Carbon
Fuel Standard

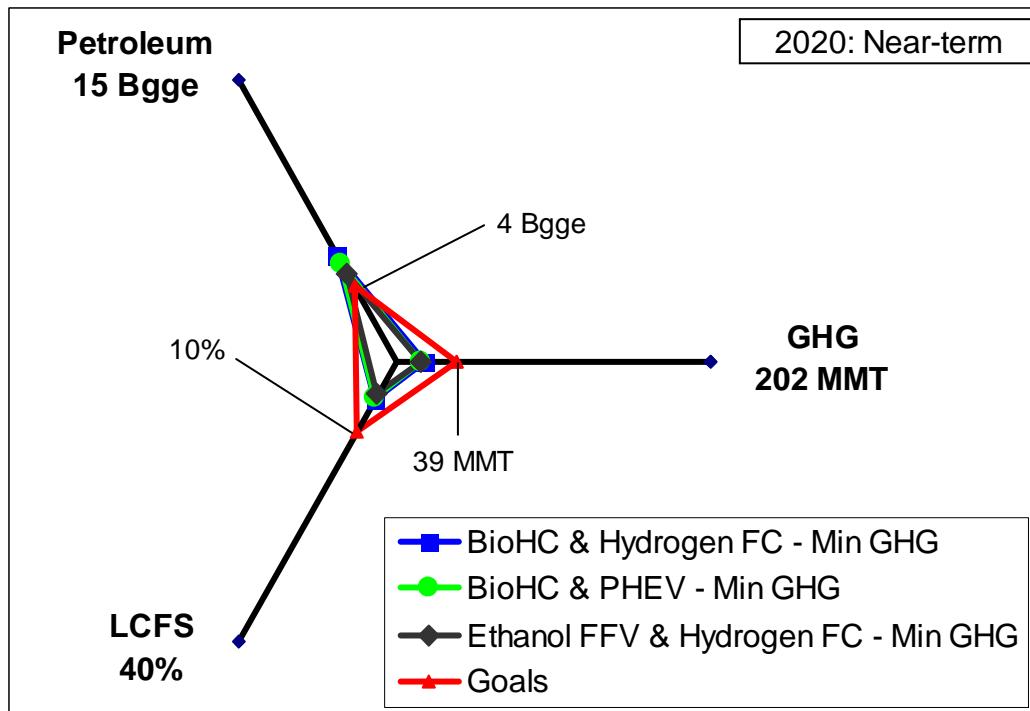

Alternative Fuels Plan Relationship

- Full Fuel Cycle Analysis and Method
- Plan Addresses Multiple Goals:
 - Petroleum Reduction
 - Bioenergy Action Plan
 - Greenhouse Gas Emission Reductions
 - Low Carbon Fuel Standard

High GHG Reductions

Low GHG Reductions

Alternative Plan Action Items

- Low Carbon Fuel Standard in One of the Key Actions to Stimulate
 - Biofuels
 - Electric Drive
 - Hydrogen
 - Other Alternative Fuels
- May Provide 30 % of Proportionate Transportation Segment of GHG Goals

Alternative Fuels – GHG and Petroleum Reduction Potential
